SAD IS IT NOT.

It is a lamentable fact, that there are some who claim to be Christians, who cannot quit talking hard things about their neighbors who are living a better life than the one who does the talking. There are such characters that will go for miles just to get to talk something that is untrue, about those who are living a better life than they themselves. Hush up.

STRIKE, while the iron is hot. is an old proverb, and a true one so it is in this language. Now is the excepted time, now is the day of salvation, To-day if you hear His voice, harden not your hearts. For he says, Come unto me all ye that are heavy laden, and I will give you rest.

Aim Of Man.

Continued From last week.

There can be no question among the philosophic observers of men and events that fixedness of purpose is a grand element of human success.

When a man has formed in his mind a great sovereign purpose, it governs his conduct as the laws of nature govern the operation of physical things.

Every one should have a mark in view, and pursue it steadily. He should not be turned from his course by other objects ever so attractive.

Life is not long enough for any one man to accomplish every thing. Indeed, but few can at best accomplish more than one thing well. Many—alas! very many—accomplish nothing.

To be continued.
